

GENERAL SURGERY

The General Surgery department at Quickcare Hospitals Lagos, provides general surgery, gastrointestinal (GI) and surgical endoscopy services. We offer initial assessments and treatment for common surgical and GI conditions. Our surgeons have a wealth of experience in minimally invasive/day case procedures for GI and anorectal conditions.

The surgical procedures we offer:

- **GENERAL SURGERY INCLUDING:**
 - [Appendicitis \(Laparoscopic Appendectomy\)](#)
 - [Cholecystectomy](#)
 - [Hernia Treatment](#)
 - [Laparoscopic Surgery](#)
 - [Splenectomy](#)

- **COLORECTAL SURGERY:**
 - Minimally invasive techniques for the treatment of:
 - [Anal fistula](#)
 - [Haemorrhoids](#)
 - [Anal fissure](#)
 - Diagnostic and operative upper and lower GI endoscopy

- **SOFT TISSUE SURGERY FOR COMMON CONDITIONS INCLUDING:**
 - Lipomas (soft, fatty lumps that form under the skin)
 - Cysts (lumps)
 - Ingrown toenails
 - Soft tissue abscess

- **NEONATAL CIRCUMCISION:** surgical removal of the foreskin of the penis for religious, cultural or medical reasons
